Don't forget to click Save

Send data to KA user “Order creation”

- ▶ **The tab Order creation** Order creation
 - Selection of Recipient
(You can use the drop down list showing the users you have exchanged data to before)
 - Navigate to the right KA plant
(Kongsberg Automotive, KA >
Kongsberg Automotive, Design >
Kongsberg Automotive, plant xxx >
Choose KA receiver

Please Note!
Never send to “SAP PI, Logistics”!

File selection

▶ **Select from your local Disk**

▶ **Mark the file and Click**
(don't need to be a packed file)

▶ **When all files selected**

▶ **When the “upload window” is empty**

Please Note!

Browse and upload will take some time when dealing with big files

Specify information about the package

- ▶ **Default will be the standard for partner**
 - Compressionformat: None
 - Comsecure-Encryption: **NO!**
 - Send now:
 - Package type:
 - Engdat-Compression
- ▶ **Choose “Exchange profile” in the drop list.**
 - Tick “temporary ExchangeProfile” if no fitting profile is found
- ▶ **Choose “Usage” in the drop list**
- ▶ **Enter “FreeText” if needed**
- ▶ **When ready, click** 

The screenshot shows the 'Order parameters' form with the following fields and values:
